Ryan William Head

Champaign, IL | ryanwhead2@gmail.com | www.linkedin.com/in/ryan-head-6a289a18a | https://github.com/RHead24

PROFESSIONAL SUMMARY

Detail-oriented Data Analyst with a Google Data Analytics Certificate, a Bachelor's degree in Journalism, and over 12 years of operational and inventory leadership experience at Frito-Lay. Skilled in SQL (Google BigQuery), Tableau, Microsoft Excel, and Python, with a strong background in data annotation, inventory auditing, and translating complex datasets into clear, actionable business insights.

TECHNICAL & ANALYTICAL SKILLS

Data Analysis & Querying: SQL (Google BigQuery), Data Cleaning & Auditing, Schema Alignment, Exploratory Data Analysis

Visualization & Reporting: Tableau Desktop, Microsoft Excel (Pivot Tables, Conditional Logic), Google Sheets, Data Storytelling

Programming & AI Data: Python (Pandas, Matplotlib/Seaborn), Data Annotation & Quality Validation, Operational SOP Compliance

Core Strengths: Inventory Control, Root-Cause Troubleshooting, Cross-Functional Shift Leadership, Written & Visual Communication

DATA ANALYTICS PROJECTS

Bellabeat Smart Device Consumer Behavior Case Study | *Google BigQuery, Tableau, Excel* | *https://github.com/RHead24/bellabeat-smart-device-analysis*

- Audited, cleaned, and joined multi-table Fitbit tracking datasets (940 daily activity logs, 413 sleep records, and 22,099 hourly step entries) in Google BigQuery, resolving ID schema conflicts and timestamp formatting errors.
- Conducted sensitivity validation on secondary date partitions to ensure statistical integrity before building executive charts in Tableau Desktop and Microsoft Excel.
- Identified a 6:00 PM peak activity window, a 75%+ weight-logging engagement drop-off, and the 'Restlessness Paradox,' translating findings into targeted product notifications and smart-scale marketing recommendations.

PROFESSIONAL EXPERIENCE

Shift Lead & FIG Point / Inventory Operations | *Frito-Lay Distribution Center — Champaign, IL | Aug 2023 – Present (12+ Years Total Tenure)*

- Oversee daily warehouse shift execution and serve as site FIG (Finished Inventory Goods) point, auditing physical stock counts against digital inventory records to resolve discrepancies and maintain high accuracy.
- Analyze inventory movement, product flow, and distribution metrics across 12+ years of cumulative tenure with Frito-Lay to prevent stockouts, reduce waste, and optimize order fulfillment.
- Coordinate team workflows, ensure all orders are fulfilled both physically and in computer systems, assist sales team with issues including DC shipments, reverse shipments and special instructions.

AI Data Annotator & Quality Evaluator | *Remote / Independent Contractor | 2024 – Present*

- Evaluate, label, and validate text and structured data outputs against strict rubric guidelines to support machine learning model accuracy and data quality.
- Identify edge-case anomalies, logical inconsistencies, and formatting errors across diverse datasets, applying structured analytical reasoning to improve downstream performance.

Prior Operations, Food Production & Logistics Roles | *Various Employers — Central Illinois*

- Operated specialized equipment (blender deck, forklift) and maintained strict quality control, safety compliance, and batch tracking in fast-paced food manufacturing, logistics, and customer-facing environments.

EDUCATION & CERTIFICATIONS
